'Excellence for All'

19th October 2016

Year 12 Visit to Northumbria University

Dear Parent/Carer

We have secured an opportunity for all Whitburn Sixth Form Year 12 students to attend a bespoke day of activities hosted at Northumbria University on **Thursday 3rd November 2016**.

The day has been built around the theme of study skills in the morning to include sessions on note-taking, presentation skills and writing attractive applications. Higher Education will be introduced in the afternoon to include choosing a course, choosing a university and a session with current students. All students will also be able to take part in a campus tour during the day.

This is an invaluable opportunity to visit a leading local university which announced recently it had doubled its research funding, securing the fourth largest rise in the HE sector. The visit will enable students to see what life on campus is like and will help in their decision-making process. We recognise that some students at this stage do not intend to progress to university and we have built the day to reflect this, ensuring that most sessions will be enjoyable and informative whatever their intended destination.

As is common with many Sixth Form visits, we will be asking students to make their own way to and from the venue. We believe this is part of their journey towards full independence and becoming 'University-ready'. We would obviously encourage students to travel in small groups where possible. **Students should meet their tutors for registration at 9:15am prompt outside Newcastle Civic Centre which is directly opposite the Haymarket Metro station.** Students will be taken across to the University for the day's sessions and will be able to purchase lunch at the University's catering outlets or they can bring a packed lunch. **Students will be dismissed after the final session around 3:15pm to make their own way home.**

We would remind all students that they are ambassadors for the academy. Our current Year 13 students made a first-class impression at the university last year and we expect Year 12 students to be similarly enthusiastic and take a full and active part in this day.
