

School Closure Work Survey.

Many thanks to all those students who completed the survey earlier this week. The results are summarised below along with some information from Teams which shows just how much work students and staff have been doing over the lockdown period. A summary of the changes we are going to make in response to your feedback is at the end of this document.

Teachers are immensely proud of the amount and quality of work students have put in. Your dedication to your learning is fantastic. This couldn't be achieved without the superb support from parents and carers.

1. Which Year Group are you in?

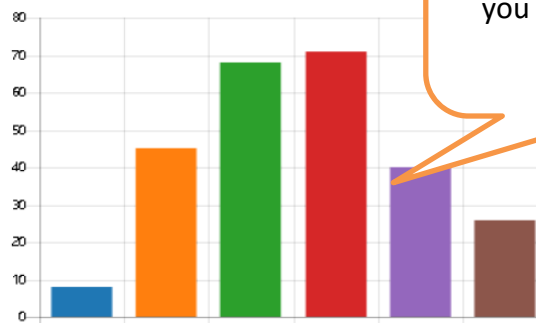

Year 7	31
Year 8	98
Year 9	61
Year 10	50
Year 12	18

258 responses in total is a fantastic return. Year 8 in front as the biggest users of Teams but Year 9 catching up!

2. On average, how many hours per day do you spend on your remote learning

0-1	8
1-2	45
2-3	68
3-4	71
4-5	40
More than 5	26

Around 3 hours per day is about right. Please make sure you get some fresh air and exercise

4. How do you feel about receiving work once per week?

Its fine because I can choose ...	182
I would like to get work sent ...	12
I would prefer longer projects	30
Other	30

We will continue with setting work once per week and ensure all subjects move to doing this on a Monday

5. How easy have you found using Teams to receive and hand in work? 1 = very hard, 5 = very easy

3.72
Average Number

Over 800 students have moved onto Teams for their education. This is really pleasing to see

8. Have your teachers been able to solve any issues you have with the work using Teams chat posts / etc?

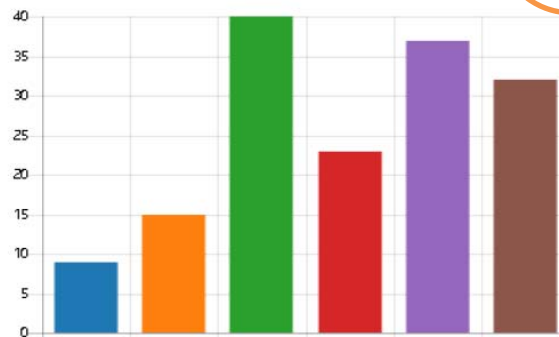

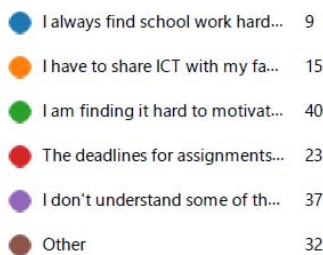

Please continue to use chat to help solve issues and get one to one support from teachers

9. Have you found the work set difficult to complete?

Teachers are looking at how we can simplify instructions (eg using hyperlinks more) and putting all work on Teams so that there is less confusion. Motivation is hard at this time. Remember that work you do now will benefit you hugely in the future

10. If you answered Yes to question 9, please indicate the main reason why.

The key themes coming from the longer answers are:

Theme	Our Response
Feedback	Departments have been asked to look at how feedback can be more specific and personalised in a manageable way
Organisation	From 1 st June all work will be set on Teams with only a brief overview for parents / carers put on the website. Hyperlinks will be used to resources in one drive / class materials
Timing of work	From 1 st June all work is on Teams on a Monday only each week.
Assignments	Teachers will make sure that turn in dates are flexible and to encourage hand in. Teachers have a schedule for assignment hand in which will spread the load for students

Teams analytics report showing the huge increase in usage.
