

Sixth Form Dress Code

This is your dress code, developed in consultation with the Sixth Form student body. You therefore have no excuse!

Students in the sixth form have the privilege of choice, provided that their dress is appropriate for a professional, 11-19 working environment.

We worked with our student reps to introduce a **Sixth Form hoodie** which is acceptable to be worn during colder weather. hoodies can be ordered from Bolam Premier Sportswear Store (Rekendyke Industrial Estate, South Shields).

Unacceptable Dress

- Open-toed sandals are **not** permitted in science labs.
- **Sports wear, including football colours, joggers or leggings.**
- Slogans, or printing that could potentially cause offence.
- Items that expose the midriff or undergarments. Skirts, where worn, should be an appropriate length.
- **Denim or leather.**

The Head of Sixth Form will have the final say as to whether items of clothing etc. are deemed to be appropriate under the Dress Code.

Safeguarding and ID Badges

It is a requirement that every person on site is immediately identifiable as a member of the Academy community so Sixth Form **students must wear an ID badge at all times**. There are **three** components (lanyard, ID card and card holder) and all three must be visible.

A cost will be incurred for replacement badges or lanyards
